1. The Product’s stainless steel grill body, stainless tubular grill burners, sear burners and rotisserie infrared burner (where applicable) are warranted to be free from defects in material and workmanship under normal non-commercial use and service for the lifetime of the original Purchaser. Rust-through damage of parts which render the Product inoperable is covered, but excludes surface corrosion on stainless, scratches, and discoloration which may occur during normal use and is limited to replacement of the defective parts(s), with the Purchaser paying all other costs, including labor, shipping and handling, as applicable.
2. The Product’s cooking grates and warming rack are warranted to be free from defects in material and workmanship under normal non-commercial use and service, for a period of ten (10) years from the original date of purchase. 3. The Product’s spit rod, briquette trays, manifolds, gas valves and sealed burner assemblies (where applicable) are warranted to be free from defects in material and workmanship, under normal non-commercial use and service, for a period of five (5) years from the original date of purchase. This is limited to replacement of the defective parts(s), with the Purchaser paying all other costs, including labor, shipping and handling, as applicable.
4. All other grill components are warranted to be free from defects in material and workmanship, under normal non-commercial use and service, for a period of two (2) years from the original date of purchase.
