ACADIAN

Acadian

This classic copper fixture takes its inspiration from the Acadians who were descendants of French colonists who settled in Acadia during the 17th and 18th centuries. Many migrated from Nova Scotia and settled in South Louisiana merging with the locals to form a unique culture. This uncomplicated fixture's clean angled lines meld with French Provincial architectural styles enhancing the warm and welcoming look of homes or offices.

BIENVILLE

Bienville

The Bienville family of fixtures combines the traditional look of New England with the tall narrow construction of contemporary city residences. Its length and narrow width works well with land conscious designs of dwellings revitalizing cityscapes throughout the country.

JOLIE

Jolie

The Jolie is one of Primo's French inspired designs. This fixture has a solid copper top gradually sloped from top to bottom adding elegance to the appearance of any building upon which it is mounted. The Jolie, when combined with a yoke, makes a perfect pendent fixture to accentuate any home or building's entrance.

NOTTOWAY

Nottoway

This six-sided fixture takes its inspiration from lanterns mounted on elegant coaches in the 17th and 18th centuries. Like Primo's other six-sided lanterns, it is perfect to mount on a post or pier to make a bold statement in front of any home or building.

OAK ALLEY

Oak Alley

This family of fixtures evokes memories of a time when massive plantation homes dotted the landscapes. Oak Alley fixtures will enhance your home or offices by combining the warmth of copper with the history of classic architecture.

OCALA

Ocala

The Ocala copper sconce accents any home or building, providing elegant down lighting that strikes a muted tone. The simple, but fashionable contour of the Ocala makes it a versatile selection for indoor and outdoor lighting.

SAVANNAH

Savannah

The Savannah is one of Primo's classically inspired designs. This fixture has a solid copper top angled to remain appealing from any viewpoint. Like the Jolie, when combined with a yoke, the Savannah makes a perfect pendent fixture to accentuate any home or building's entrance.
